Jeanne,

Just talked with Susan (she is out on leave). The CO for the contract is Phyllis Carrasco (spelling?) in R7 (KC, MO). The PO is Myrna Jamison (R10-Seattle), who Susan talks with on a more frequent basis. In short, Phyllis told Susan that all of the insurance information was CBI and that if information were to be released, it should be by the contractor and not EPA.

Hi Susan,

I am about to leave for the day to do some sampling. How about 10:00 am CDT tomorrow? As the CO to join us, too, please.

Mike

Subject: Contract Questions

Mike,

I've been in touch with the contract officer for the E&E contract. Here's what I have learned:

- 1. Contract Information (warranties, insurance, bonding, certificates of insurance) are CBI and EPA will not release to a third party.** It would require a FOIA for EPA to release E&E's info. E&E could be willing to release the info on their own. If they won't and EPA receives a FOIA, EPA still needs to get permission from E&E to release the information, (b) (5)
- 2. Insurance Coverage Amount. EPA will not pay direct charges for insurance if the current contract doesn't have enough coverage.** Requiring E&E to add more insurance after contract award doesn't allow them to figure that additional charge into their rates. So, we cannot require an increase in E&E's insurance coverage.
- 3. Sub-contractor Insurance. When the SOW/RFP is announced, it can state a required amount of insurance.**

Hope this helps, Susan
